

Monthly Report

for

March 2022

Collections

The Collection Committee met, and twenty-four items were ordered for March. The majority of the March order has arrived and are currently being rumped. Our next collection meeting is set for April 12.

Directors Report

We had 415 patrons during the month of March. Of those patrons, 20 used the computers, and 18 meetings/events were held with 168 people. One hundred seventy-seven people used the wireless. No new library cards were issued. Items from Lake Pleasant to other libraries totaled 218. Items transferred from MVLS/SALS to us totaled 119. Items were checked out and circulated 569 times.

We have worked with TV Liquidators and tried to get the antenna up and running. The tech has indicated it will need to be replaced. Cost is \$350, this price doesn't include shipping. The antenna was replaced in October 2018 due to a power surge, this replacement will be for moisture.

Final updates were made to the NYS Annual Report and it has been submitted.

There are still board members who have not picked up the updated library policy book. If you haven't gotten your updated version, please see Roxy.

Programs

Martin Podskoch has agreed to present a program on Makomis Fire Tower and restoration. He can't present the program until Wednesday, August 17 at 7 pm.

Ham Radio being presented by Peter Newell is running again and will finish up next month.

Story Time has been canceled until the start of school in September. Our last story time reader has been unable to read. We were unable to find anyone who would commit/be available until April 14. The program will resume in October.

Respectfully submitted,

Sherry Matthews

Library Director
